

Great Knelle Farm and Cottages

Visit the Wild Boars in East Sussex

- an eco-tourism experience!

****New for 2010****

Day/night guided trips *to view wild boar in their natural habitat*; we will visit local woodland to view boar signs, dinner at the most excellent **Rose and Crown** in Beckley, and back to the farm to experience the nightly visits of the boar in safety.

We plan to show visitors how it is quite possible for man and wild boar to co-exist without the need to reach for guns or worse!

We offer a warm welcome to our self-catering holiday cottages on our organic, traditional working Sussex Farm. We *encourage our visitors* to share the magic of the farming year, from Lambing in the Spring to Hop picking in the Autumn.

Blacksmith's cottage

Herdsmen's cottage

We *encourage the serious nature lover* to enjoy otter watching on the River Rother, plus two miles of coarse fishing.
